SERVICED APARTMENTS

An aerial photograph of a city, likely Tokyo, with a green overlay. The image shows a dense urban area with various buildings, roads, and green spaces. The text is overlaid on the right side of the image.

About Us

Tokyu Gardens city is the city that was built up and managed by Becamex Tokyu Co.,Ltd which is joined venture between Tokyu Cooperation group and Becamex IDC. From the establishment date until now we are developing and managing many projects including Apartment, Townhouse, Resident House, Food Court, and Mopping mall...

“Our Mission Statement is to create a beautiful living environment where everyone can pursue individual happiness in a harmonious community”

A part of our project is **Serviced Apartments** which provide convenience & comfort for Tenants.

With high quality service and management of the developer will be provide for tenants in Vietnamese and Japanese lifestyle.

Service Apartments are ideal for business travelers, groups of friends, families and couples looking for independence and flexibility. Apart from more space, they give you a great base to enjoy life like a local with all the amenities of the neighborhoods on your doorstep.

SORA gardens I

Located at the gateway of Binh Duong New City, SORA gardens is a project that forms the basis of TOKYU Garden City. The design concept of this area is “Center of FUN”, which is a unique design that makes the best use of the curvaceous beauty.

Residents here can enjoy the magnificent gardens space inside the building and even the lush views of Binh Duong New City. High-quality services and management that incorporate Japanese ideas are also planned, and residents of SORA gardens can also enjoy variety of conveniences.

MIDORI PARK HARUKA

This project's catchphrase is *"Living in the Green"*, which refers to the life surrounded by fine environment of not only just having green, but also having clean water and seasonal flowers, cozy community spaces, being guarded by supreme security system, and needless to say being proud of our high-quality-houses.

We always make effort to provide excellent township based on know-how and hospitality which we've experienced and acquired in Japan. BECAMEX TOKYU provides all residents safety, trust, and the most advanced lifestyle in Binh Duong, Vietnam.

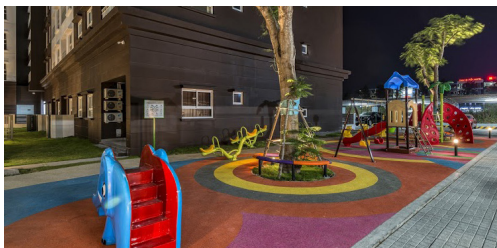

In 9/2018, MIDORI PARK The VIEW - condominium project with 604 units was opened for sales. The name “The VIEW” is not only derived from the beautiful view of the apartment when looking outside, but also represents a beautiful and bright future of the main residents who are young families.

MIDORI PARK The VIEW

“The VIEW” is equipped with swimming pool, sky rounge, high-quality guest room for residents which is a new element in Vietnam, and has a Japanese quality operation system.

The Project consists of 24-floor buildings which is around 1,000 high quality apartment units. With the concept of “Large-scale residence for the upper middle class customers who want to spend relaxing time with their families”, **BECAMEX TOKYU** is developing a building that has “a variety of common facilities” as well as the “elegant design”. Moreover, cloud Wi-Fi system provided by NTT e-Asia Corporation, a member of NTT Group, will be installed in the common facilities, adapting all types of working style. This is the very first apartment in Vietnam that provides a “co-working space” for the residents.

The GLORY is currently for sale for both living and investment purpose. Apartment for rent will be available soon. Please do not hesitate to contact us for consultation!

An aerial architectural rendering of a modern commercial development. The scene features a large stadium with a distinctive, curved, ribbed roof structure in the center. To the right, a tall, cylindrical skyscraper with a textured facade stands prominently. The surrounding area is filled with various commercial buildings, parking lots, and landscaped green spaces with trees. The entire image is overlaid with a semi-transparent blue filter. The text 'COMMERCIAL FACILITIES' is centered in the middle of the image in a bold, white, sans-serif font.
