

## **THE CONDOMINIUM PROJECT IN BINH DUONG “SORA gardens II” IS COMPLETED, AND READY FOR RESIDENTS TO LIVE FROM JULY**

~ Provides community facilities targeting for new generation families with kids, the first project in Binh Duong to equip smart home system to all units ~

TOKYU Corporation  
BECAMEX TOKYU CO., LTD.  
MITSUBISHI ESTATE RESIDENCE CO., LTD.

TOKYU Corporation’s subsidiary BECAMEX TOKYU Co., Ltd. (hereinafter referred to as “BECAMEX TOKYU”) that has been leading many urban developments in Binh Duong New City, Binh Duong, Vietnam, formed a joint venture with MITSUBISHI ESTATE RESIDENCE Co., Ltd. (hereinafter referred to as “MITSUBISHI ESTATE RESIDENCE”), a famous corporation that strongly promotes housing developments in Japan and other countries. The joint venture was founded in October, 2018, named “BTMJR INVESTMENT LIMITED COMPANY”, and has been developing a 557-unit condominium project (hereinafter referred to as “this project”) in Binh Duong New City. This project was completed in May, 2021, and is ready for residents to start living from July.

This project is a condominium that consists of 24 floors with 557 units, and together with SORA gardens I which was built in 2015, it is sited at the gateway of Binh Duong New City. Binh Duong province is well located adjacently north of Ho Chi Minh City which is Vietnam’s largest city, and it has been the 3rd attractive foreign direct investment (FDI) destination only after Ho Chi Minh City and Hanoi with its approximately 4,000 FDI projects, its industrial parks gathering foreign company factories that attracts employees to move and live, hence the population grows to 2,6 million people.

The highlight of this project is that it “provides community facilities targeting for new generation families with kids”, and is “the first project in Binh Duong to equip smart home system to all units”. Commercial facilities are designed on the ground floor, and the common facilities are on the 4th floor, which include a 25m swimming pool, a BBQ terrace, kids’ playground, sauna, guestroom, etc. This is also the first project in Binh Duong to equip smart home system to all units, which enables the owner to control the door, or the electric household appliances on their smartphones. Approximately 90% of the units, mainly 2 bedrooms, average price around 3 billion VND are sold out. The majority of customers are high-end Vietnamese and foreigners.

▲ SORA gardens II from the outside

At the construction site, as BECAMEX TOKYU took the role of project management, as well as assuring technical guidance and evaluation criteria based on the experiences they have achieved since 2012 in the field of constructing residential projects, the project had always been constructed safely without any accident for 2 years since the construction started in May 2019.

BECAMEX TOKYU was founded in 2012, and has been developing urban project "TOKYU Garden City" in Binh Duong New City (which has the total area of 1,000ha) utilizing the know-how gained from the project "TOKYU Tama Denen City" in Japan. Until now, besides developing residential and commercial projects, BECAMEX TOKYU attempts to fulfill all the urbanism functions of a city by attracting investments on academic and healthcare facilities, organizing recurring events to create and spread the liveliness to the city. In addition, BECAMEX TOKYU’s subsidiary BECAMEX TOKYU BUS CO., LTD. is operating 6 bus lines with 11 routes, attempting to make public transportation an integral part of urban development.

On the other hand, in Vietnam market, Mitsubishi Estate Group has been developing approximately 2,000 apartment units in Ho Chi Minh City and 1,300 units in Hanoi. Not only in Vietnam, Mitsubishi Estate Group also takes part in developing residential projects in total of 57 projects (more than 50,000 units in total) in China, Taiwan, Singapore, Thailand, Malaysia, Indonesia, Australia, and the Philippines.

The two companies will carry on contributing to the development of Vietnam using their experiences and know-how they achieved in Japan and other countries.

Detailed information is as attached below.
